## Principal's Message

Joel Osteen a famous American author and preacher once said “*when you focus on being a blessing, God makes sure that you are always blessed in abundance*”. Similarly a few months back a parent remarked to me with all serious ness “Father, SFS School, is a blessing for our locality and the city at large”. **Blessing** is a powerful and mighty word which we often use in our day today conversations. And the English language defines blessing as a favor or gift bestowed by God there by bringing happiness.

Blessing implies the giver and a receiver. Blessing is given by somebody who is more powerful, self sufficient and abundant than the one who receives. And for us at SFS, blessing is the gratuitous gift of God through our heavenly patron St. Francis de Sales. God has blessed us continuously through our committed management, passionate teachers, ever collaborative and supportive parents and most priceless of all & our students with talents par excellence. And I am sure that our journey of blessing will go on and on.

This issue of Desalies News and More is symbol of Blessing from God poured down during the last five months. SFS is a happening school. Here happens everything that is needed for the total and complete growth of a child. May I request you to spend a few minutes and scan through the pages and you will find a bunch of teachers and students who make everything happen here at SFS - all because we are blessed from ABOVE.

God bless you
